

St Anne's Loreto Primary School, Fairgreen, Navan, Co Meath

Admission Policy – Class of 2023/24

This enrolment/admission policy for St. Anne's Primary School has been revised in accordance with the provisions of the *Education (Admissions to School) Act 2018*, the *Education Welfare Act 2000*, the relevant Health and Safety legislation and Equality legislation, and in keeping with the directives of the Patron. It was formally approved and implemented at a meeting of the Board of Management in December 2003 and is revised annually to account for our school structure regarding single and double classes.

Equality of access is always the core value that determines all policy regarding the enrolment of children in our school. All children have an equal right to education. In order to fulfil this right, differences will be respected and valued in our school. No child will be refused admission for reasons of ethnicity, special educational needs, disability, language/accents, gender, traveller status, asylum seeker/refugee status, religious or political beliefs or values, family or social status.

While recognising the rights of parents to enrol their child in the school of their choice (where places are available), the Board of Management of St. Anne's Loreto Primary School reserves the right and the duty in line with statutory regulations to determine the criteria used to accept children into junior infants and into other classes in the school. Such criteria ensure the safety and protect the rights of currently enrolled students of the school. These criteria will be used by the Board in determining which applicants are given priority when applicants outnumber the places available.

The Management, Staffing and Organisation of St. Anne's Loreto Primary School.

St. Anne's Loreto Primary School is a Catholic co-educational school under the patronage of the Bishop of Meath, Most Rev. Thomas Deenihan. The Board of Management is Chaired by Ms Máire O'Donoghue and Ms. Clíodhna O'Bric is the Principal Teacher.

The school is presently an 20-teacher school. This includes the Principal Teacher, 12 individual mainstream class teachers, 5 Special Education Teachers, a HSCL Co-Ordinator and a full-time teacher to cater for children with Developmental Language Delay. An annual independent County Meath Admission Process takes place for this Speech & Language Class. The ancillary staff comprises a full time and part time Secretary, Caretaker, part-time HSE Speech and Language Therapist and a number of Special Needs Assistants. A full range of classes is taught from infants to sixth class.

What factors influenced the compilation of this enrolment policy?

The following is a list of factors that were considered by the Board of Management of St. Anne's Loreto Primary School in drawing up a clear enrolment policy:

1. Available space in classrooms and play areas.
2. Availability of Grants and Teacher resources. The School depends on grants and teacher resources provided by the Department of Education and operates within the regulations enforced from time to time by the same Department.
3. Educational needs of the children.
4. The presence of children with special educational or behavioural needs.
5. Department of Education directives on maximum class averages and on the minimum age for school enrolment. The Board will not consider enrolling a child unless they have reached their 4th Birthday by 1st April 2019 (This stipulation may be reviewed in order to keep the class size within the stated guidelines of this policy).
6. Directives from the Patron, Most Rev. Thomas Deenihan, Bishop of Meath. In keeping with the Patron's wishes the school will accept one class of no more than 26 students for the school year 2023/ 2024

What are the school's enrolment criteria?

Based on the factors listed above, the Board has stipulated clear criteria for enrolment. These are listed below in order of the priority afforded to each. These criteria will be used to prioritise children, who have reached the stipulated age and followed the required application procedure for enrolment:

1. Brothers/sisters of current pupils.
2. Children who were refused on age grounds in the last academic year who have re-applied and satisfy current enrolment criteria.
3. Children from the Navan Parish Boundary area will be enrolled according to descending order of age.
4. All other applicants.
5. In the event of the number of children in any of the categories 1 – 4 above outnumbering the available places, the age of applicants will be taken into consideration.

Further Clarifications

The following conditions will also be adhered to by the Board of Management:

- **Children who have already completed junior infants** in another school, will not be considered for enrolment in the Infant classes in St. Anne's Loreto Primary School, but may be considered for the senior infant class provided they fulfil all relevant criteria, have followed the correct application procedures and provided there is a place available.
- The Board is not obliged to consider applications which **do not adhere to the stipulated procedures**, are late or incomplete, and those which do not include the relevant documentation.
- **Children with additional needs** will be resourced in accordance with the level of resources provided by the Department of Education to the Board of Management. In the event of an application for a child with additional needs, the Board will request a copy of the child's medical/psychological report or a professional assessment of the child's needs. The Board will meet to determine how best the needs specified can be met by the school. Where the Board deems that further resources or personnel are required, it will request such resources from the Department of Education.
- **Pupils may transfer from other schools**, subject to available places, in accordance with the stipulations of **St. Anne's Loreto Primary School Admission Policy**, Department guidelines and local agreements with other schools. The Department states that a parent may transfer a child from one National school to another at any time of the year, either with the consent of the Minister or when a transfer is made because of the change of the ordinary home residence of the child. Applications from other schools in the parish or surrounding parishes will only be considered if the Board is convinced that it is in the best interests of the child. A child will only be accepted for enrolment in such circumstances after the school is furnished with all relevant information regarding attendance and progress, under the terms of the Education Welfare Act 2000. The school also requires correspondence from the child's present school indicating the principal's awareness of their intention to change school.
